

SECOND REGULAR SESSION

[C O R R E C T E D]

SENATE BILL NO. 1086

93RD GENERAL ASSEMBLY

INTRODUCED BY SENATOR KENNEDY.

Read 1st time February 21, 2006, and ordered printed.

4361S.03I

TERRY L. SPIELER, Secretary.

AN ACT

To repeal section 84.160, RSMo, and to enact in lieu thereof one new section relating to maximum amounts of compensation for police officers, with an emergency clause.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 84.160, RSMo, is repealed and one new section enacted
2 in lieu thereof, to be known as section 84.160, to read as follows:

84.160. 1. Based upon rank [and length of service, the board of police
2 commissioners may authorize maximum amounts of compensation for members
3 of the police force in accordance with the following tables. The amounts of
4 compensation set out in the following tables shall be the maximum amount of
5 compensation payable to commissioned employees in each of the categories, except
6 as expressly provided in this section], **step placement, and periodic salary**
7 **reviews conducted under this section, the board of police**
8 **commissioners may authorize maximum salary or wage amounts for**
9 **exempt and non-exempt commissioned members of the police force in**
10 **accordance with the table in subsection 4 of this section. The salary or**
11 **wages amounts set out in the table in subsection 4 of this section shall**
12 **be the amount of salary or wage payable to commissioned employees in**
13 **each of the ranks, except as expressly provided in this section.**

14 2. As used in this section, the following terms mean:

15 (1) "Compa ratio", the ratio of an actual pay rate to the midpoint
16 for the associated salary spread. Compa ratios are used primarily to
17 compare an individual's rate of pay to the midpoint of a range;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

18 (2) "Maximum", the highest or top step in a salary or wage range;

19 (3) "Midpoint", The average between the maximum and the
20 minimum in the salary range;

21 (4) "Minimum", the lowest or bottom step in a salary or wage
22 range;

23 (5) "Salary or wage analysis", the process by which a consulting
24 firm, which specializes in compensation planning using industry
25 standard practices, reviews the table to determine accurate market
26 salary or wage rates for use as minimums and maximums in the
27 table. This review is conducted by analyzing and comparing the
28 minimums and maximums in the table with the same positions in other
29 comparable police departments;

30 (6) "Table", a chart establishing the minimum and maximum
31 annual amounts of salary or wage that commissioned officers may be
32 paid. The table is based on a commissioned officer's rank and step
33 placement, which is derived from data obtained through a salary or
34 wage analysis;

35 (7) "Salary spread", the range, or numerical difference, between
36 the minimum and the maximum figures in the table for each rank;

37 (8) "Steps", the actual annual salary or wage amounts, or values,
38 found in the table between the minimum and maximum amount for
39 each rank. Every amount represents a distinct step within each rank.
40 A step is not defined as, nor does it correspond to, a commissioned
41 officer's years of service.

42 [2.] 3. From July 1, 2005, until June 30, 2006:

43 SALARY MATRIX-POLICE OFFICER THROUGH CHIEF OF POLICE-FISCAL YEAR

116 **5. The conversion process between the salary table in subsection**
117 **3 of this section and the salary table in subsection 4 of this section is**
118 **delineated immediately below and is effective June 26, 2006, with no**

119 provision or credit given for educational incentive pay, because it shall
120 not be included in annual compensation. Once the initial conversion
121 has been completed, any subsequent revisions to the salary or wages
122 received by commissioned officers shall be in accordance with the
123 directives provided under subsection 6 of this section.

124 6. Officers shall initially be moved into the table established
125 under subsection 4 of this section by multiplying a compa ratio created
126 by dividing the appropriate base salary from the table under subsection
127 3 of this section that the officer would have earned on June 26, 2006, by
128 the salary midpoint for their rank in such salary table, then
129 multiplying the resulting value by the midpoint for their rank from the
130 table under subsection 4 of this section. The result of this final
131 calculation would then be compared to the values under the table in
132 subsection 4 of this section and the officers placed in the closest step.

133 (1) Thereafter, contingent upon approval by the board of police
134 commissioners, officers shall move once annually within the table to a
135 higher step on the first day of the first payroll period with a pay date
136 falling within a new fiscal year. Exceptions would include, but not be
137 limited to, officers who have reached the highest step for their rank or
138 who are on probationary status;

139 (2) When adjustments are made to salary minimums and
140 maximums as described in subsections 7 and 8 of this section, the
141 salary or wages shall be adjusted by the following method to reflect
142 new salary spread values. The amounts in the table shall be converted
143 to show the percentage of salary spread attributable to each step
144 within each rank. These percentage values shall be multiplied by the
145 revised salary spread value for the appropriate rank and added to the
146 next lowest step value for that rank using the revised salary minimum
147 for the rank as the starting point for constructing a revised table.

148 7. The amounts in the salary table and its underlying data shall
149 be reviewed annually, as described in subdivisions (1) to (4) of this
150 subsection. This review shall be performed by a consulting firm chosen
151 by the board of police commissioners that specializes in compensation
152 planning using industry standard market pricing practices to
153 determine accurate and current minimum and maximum market salary
154 rates for future use by the board. The review process shall commence
155 immediately with the review delineated under subdivision (1) of this

156 subsection at the same time the salary table under subsection 4 of this
157 section becomes effective. Implementation of any revisions to the
158 salary structure that result from this review process shall occur on the
159 first day of the first biweekly payroll period with a pay date falling
160 within the next fiscal year for commissioned officers who were the
161 subject of the review. Said review shall occur according to the
162 schedule delineated in subdivisions (1) to (4) of this subsection, with
163 the order of review and implementation continually repeating itself
164 after completing the first four-year review cycle process:

165 (1) The effective date of the salary table, with the first review
166 process to begin July 2006 and the implementation occurring during
167 July 2007: commissioned officers holding the rank of chief, assistant
168 chief, lieutenant colonel, and major;

169 (2) Year one following effective date of salary table, with the first
170 review process to begin July 2007 and the implementation occurring
171 during July 2008: commissioned officers holding the rank of captain
172 and lieutenant;

173 (3) Year two following effective date of salary table, with the
174 first review process to begin July 2008 and the implementation
175 occurring during July 2009: commissioned officers holding the rank of
176 sergeant;

177 (4) Year three following effective date of salary table, with the
178 first review process to begin July 2009 and the implementation
179 occurring during July 2010 and 2011: commissioned officers holding
180 the rank of police officer and probationary police officer.

181 8. New salary or wage minimums and maximums based upon the
182 review delineated in subdivisions (1) to (4) of subsection 7 of this
183 section shall be prepared, if necessary, annually. If the recommended
184 range, as presented by the entity commissioned to perform the review
185 under this section is greater than any increase for a rank as described
186 in subsection 10 of this section, then the greater of the two shall be the
187 range used by the board. If this scheduled yearly review results in any
188 revisions to salaries or wages, the board of police commissioners shall
189 report said changes to the City of St. Louis as part of the board of
190 police commissioners' annual budget. Any increases resulting from the
191 salary or wage review in subdivisions (1) to (4) of subsection 7 of this
192 section shall be effective the first day of the first biweekly payroll

193 period with a pay date falling within the next fiscal year for all
194 commissioned staff with the exception of police officers and
195 probationary police officers. Increases for police officers and
196 probationary police officers shall occur in two stages: fifty percent of
197 the increase shall be implemented the first day of the first biweekly
198 payroll period with a pay date falling within the next fiscal year, and
199 the remaining fifty percent of the increase shall be implemented on the
200 first day of the first biweekly payroll period with a pay date falling
201 within the following fiscal year. In the event that the fifty percent
202 increase for the first year of the implementation is less than any
203 projected increase for the rank, the officer shall receive the greater of
204 the two amounts with whatever amount remains being implemented in
205 the second of the two years. If, in the second year, the increase for the
206 rank as described in subsection 10 of this section exceeds the
207 remaining increase that otherwise would be implemented, the officer
208 shall again receive the greater of the two amounts. There shall be no
209 increase in the compensation of any probationary police officer without
210 express authority granted by the board of police commissioners.

211 9. A commissioned member who is promoted out of his or her
212 current rank shall receive a salary or wage increase in the following
213 manner: this calculated amount shall then be compared to the steps in
214 his or her new salary or wage range. The officer shall be placed in the
215 step closest to this calculated amount and that provides a raise of at
216 least ten percent over his or her current annual salary or wage.

217 10. Notwithstanding any other provisions of law to the contrary,
218 if the City of St. Louis provides any across-the-board increase to its
219 employees in the form of a percentage increase, that increase shall be
220 applied to all commissioned staff. If the City of St. Louis provides any
221 across-the-board flat dollar amount increase to its employees, the value
222 of that increase shall be converted into a percentage increase
223 consistent with the terms of this chapter and be applied to all
224 commissioned staff. If a particular rank is scheduled for review in the
225 same year as any city increase, the greater of the two increases shall
226 be granted.

227 11. Nothing in subsections 1 to 10 of this section shall be
228 construed to require the City of St. Louis to establish and pay minimum
229 salary or wages to commissioned members of the police force.

230 **[3.] 12.** Each of the above-mentioned salaries shall be payable in
231 biweekly installments. The above-mentioned salaries assume twenty-six biweekly
232 installments falling within the effective dates of the salary matrix. If
233 twenty-seven biweekly installments fall within the effective dates of the salary
234 matrix it is assumed that the salaries within the matrix will be adjusted upward
235 accordingly to reflect the effect of an extra pay period falling within the effective
236 dates of the salary matrix. Any increase in salaries within the matrix due to
237 twenty-seven biweekly installments falling within the effective dates of the
238 matrix will not continue into a period in which only twenty-six biweekly
239 installments are paid. Each officer of police and patrolman whose regular
240 assignment requires nonuniformed attire may receive, in addition to his or her
241 salary, an allowance not to exceed three hundred sixty dollars per annum payable
242 biweekly. No additional compensation or compensatory time off for overtime,
243 court time, or standby court time shall be paid or allowed to any officer of the
244 rank of sergeant or above. Notwithstanding any other provision of law to the
245 contrary, nothing in this section shall prohibit the payment of additional
246 compensation pursuant to this subsection to officers of the ranks of sergeants and
247 above, provided that funding for such compensation shall not:

248 (1) Be paid from the general funds of either the city or the board of police
249 commissioners of the city; or

250 (2) Be violative of any federal law or other state law.

251 **[4.] 13.** It is the duty of the municipal assembly or common council of the
252 cities to make the necessary appropriation for the expenses of the maintenance
253 of the police force in the manner herein and hereafter provided; provided, that in
254 no event shall such municipal assembly or common council be required to
255 appropriate for such purposes (including, but not limited to, costs of funding
256 pensions or retirement plans) for any fiscal year a sum in excess of any limitation
257 imposed by article X, section 21, Missouri Constitution; and provided further, that
258 such municipal assembly or common council may appropriate a sum in excess of
259 such limitation for any fiscal year by an appropriations ordinance enacted in
260 conformity with the provisions of the charter of such cities.

261 **[5.] 14.** The board of police commissioners shall pay additional
262 compensation for all hours of service rendered by probationary patrolmen and
263 patrolmen in excess of the established regular working period, and the rate of
264 compensation shall be one and one-half times the regular hourly rate of pay to
265 which each member shall normally be entitled; except that, the court time and

266 court standby time shall be paid at the regular hourly rate of pay to which each
267 member shall normally be entitled. No credit shall be given or deductions made
268 from payments for overtime for the purpose of retirement benefits.

269 [6.] 15. Probationary patrolmen and patrolmen shall receive additional
270 compensation for authorized overtime, court time and court standby time
271 whenever the total accumulated time exceeds forty hours. The accumulated forty
272 hours shall be taken as compensatory time off at the officer's discretion with the
273 approval of his supervisor.

274 [7.] 16. The allowance of compensation or compensatory time off for court
275 standby time shall be computed at the rate of one-third of one hour for each hour
276 spent on court standby time.

277 [8.] 17. The board of police commissioners may effect programs to provide
278 additional compensation to its employees for successful completion of academic
279 work at an accredited college or university, in amounts not to exceed ten percent
280 of their yearly salaries or for field training officer and lead officer responsibilities
281 in amounts not to exceed three percent of their yearly salaries for field training
282 officer responsibilities and an additional three percent of their yearly salaries for
283 lead officer responsibilities. The board may designate up to one hundred fifty
284 employees as field training officers and up to fifty employees as lead officers.

285 [9.] 18. The board of police commissioners:

286 (1) Shall provide or contract for life insurance coverage and for insurance
287 benefits providing health, medical and disability coverage for officers and
288 employees of the department;

289 (2) Shall provide or contract for insurance coverage providing salary
290 continuation coverage for officers and employees of the police department;

291 (3) Shall provide health, medical, and life insurance coverage for retired
292 officers and employees of the police department. Health, medical and life
293 insurance coverage shall be made available for purchase to the spouses or
294 dependents of deceased retired officers and employees of the police department
295 who receive pension benefits pursuant to sections 86.200 to 86.364, RSMo, at the
296 rate that such dependent's or spouse's coverage would cost under the appropriate
297 plan if the deceased were living;

298 (4) May pay an additional shift differential compensation to members of
299 the police force for evening and night tour of duty in an amount not to exceed ten
300 percent of the officer's base hourly rate.

301 [10.] 19. The board of police commissioners shall pay additional

302 compensation to members of the police force up to and including the rank of
303 police officer for any full hour worked between the hours of 11:00 p.m. and 7:00
304 a.m., in amounts equal to five percent of the officer's base hourly pay.

305 **[11.] 20.** The board of police commissioners, from time to time and in its
306 discretion, may pay additional compensation to police officers, sergeants and
307 lieutenants by paying commissioned officers in the aforesaid ranks for
308 accumulated, unused vacation time. Any such payments shall be made in
309 increments of not less than forty hours, and at rates equivalent to the base
310 straight-time rates being earned by said officers at the time of payment; except
311 that, no such officer shall be required to accept payment for accumulated unused
312 vacation time.

Section B. Because of the need to compensate police officers adequately,
2 section A of this act is deemed necessary for the immediate preservation of the
3 public health, welfare, peace and safety, and is hereby declared to be an
4 emergency act within the meaning of the constitution, and section A of this act
5 shall be in full force and effect on June 26, 2006.
